

**STATE LIFE INSURANCE CORPORATION OF
PAKISTAN**

REQUEST FOR PROPOSAL (RFP)

**Design, Development and One-Year Support of a
Corporate Website and Customer Self-Service Portal**

RFP Reference No: SLIC/IT/2026/RFP-018

Issue Date: 5 June 2026

Estimated Project Cost: PKR 25 Million

**Procurement Method: Single Stage Two Envelope
(PPRA Rules 2014)**

1. Introduction

State Life Insurance Corporation of Pakistan invites proposals from eligible software firms for the design, development, deployment and one (1) year of support of a modern corporate website and an integrated customer self-service portal. The portal shall allow policyholders to view policies, download documents, raise service requests and make online premium payments.

2. Scope of Work

The scope includes: (a) UX/UI design and a responsive, accessible front end; (b) a content-managed corporate website; (c) a secure customer portal with authentication and role-based access; (d) integration with the existing core policy system via REST APIs; (e) an online payment gateway integration; (f) deployment to the Corporation's cloud environment; and (g) one year of warranty support with defined response times.

3. Mandatory Eligibility Requirements

Proposals failing any mandatory requirement shall be rejected.

#	Mandatory Requirement
M1	The bidder must hold a valid ISO 9001 quality management certification.
M2	The bidder must hold a valid ISO 27001 information security certification.
M3	The bidder must have completed at least three (3) web or software development projects, each of value not less than PKR 5 Million, in the last five years.
M4	The bidder must be registered with the Federal Board of Revenue and hold active taxpayer (ATL) status.
M5	The bidder must furnish bid security of two percent (2%) of the quoted price as a bank guarantee or CDR from a scheduled bank.

4. Technical Requirements

#	Technical Requirement
T1	The proposed solution should use a modern, maintainable web stack and provide a content management system for non-technical staff.
T2	The portal should support secure authentication, role-based access control and an audit trail of user actions.
T3	The bidder should integrate the existing core policy system through documented REST APIs and a tested payment gateway.
T4	The solution should be responsive across desktop and mobile and meet WCAG 2.1 AA accessibility guidelines.
T5	The bidder should provide a one-year support plan with a helpdesk and a defined response time for critical issues.
T6	The bidder should provide user training and complete technical documentation at handover.

5. Evaluation Criteria

Technical proposals will be scored out of 100; bidders scoring below 70 will not proceed to financial evaluation.

Criterion	Weight
Relevant web / software development experience	30%
Technical solution and approach	30%
Team qualifications	20%
Financial proposal	20%

6. Key Dates and Submission

Milestone	Date
Last date for written queries	18 June 2026
Proposal submission deadline	30 June 2026, 03:00 PM
Technical bid opening	30 June 2026, 03:30 PM
Bid validity period	90 days

Proposals shall be submitted in two sealed envelopes marked "Technical" and "Financial", one original and one copy each, addressed to the Chief Manager (IT), State Life Insurance Corporation, Principal Office, Karachi.

7. Required Proposal Sections

Bidders must respond to: (Q1) Company profile and relevant experience; (Q2) Understanding of requirements and proposed solution; (Q3) Project plan and timeline; (Q4) Team and CVs; (Q5) Support and maintenance plan.
